**About Ourselves**

The third annual RayLign Family Well Being Award was recently presented to **Iris Wagner**, founder and CEO of Memoirs Productions, at a RayLign event in Connecticut. The award is given to an individual or organization exemplifying RayLign's commitment to families. Memoirs Productions is an ethical will and video biography company, and Wagner's award came with a significant charitable donation to the Memoirs Productions Legacy Fund, established by Wagner to fund the preservation of the legacy of inspiring individuals and organizations.
